

InformationWeek Names Talend Among “Top Vendors to Watch in 2019”

November 20, 2018

Talend cited on “Who’s Hot in Data & Analytics” list

REDWOOD CITY, Calif., Nov. 20, 2018 (GLOBE NEWSWIRE) -- [Talend \(NASDAQ: TLND\)](#), a global leader in [cloud](#) data integration solutions, has been listed as an InformationWeek “[Top Vendors to Watch in 2019](#)” in the data management and governance category. Talend was selected for its data management platform that includes data integration and data quality capabilities.

“With data volumes growing, regulations increasing and data competition intensifying, organizations need solutions to enable effective data governance, data management and regulatory compliance,” said Ashley Stirrup, CMO at Talend. “Being selected as a top vendor in the data management and governance category further validates our commitment to help customers ensure the highest data quality that meets current regulations.”

InformationWeek pulled a list of the top 30 vendors across the entire data and analytics space, splitting the companies between three categories. Vendors were selected based on current market trends and their ability to address current and emerging enterprise requirements at scale.
